DEVELOPMENT VISION / REVISION G

120 Main South Road

A coordinated mixed-housing showcase

A landscaped residential neighbourhood with light-brick detached homes forming the outer address and a complete six-home dark-brick terrace row creating a strong central identity.

10
DETACHED HOMES

6
TERRACE HOMES

16
TOTAL HOMES

LOT 2 DP 40829 | CCC/LINZ CADASTRAL ALIGNMENT

LIGHT BRICK DETACHED / DARK BRICK TERRACES / NU-WALL FEATURES

Architectural artist's impression. Rev G B&L and selected floor plans remain controlling.

CONTROLLING LAYOUT

One plan. Two complementary expressions.

The corrected cadastral B&L fixes the access, loop, home positions and complete T01-T06 terrace row

THE DEVELOPMENT LANGUAGE

Quiet variety, one clear identity

LIGHT BRICK / DETACHED

Ten standalone two-storey homes form the outer edges. Warm cream brick keeps the perimeter bright; bronze-toned Nu-Wall panels mark entries and upper-level features.

DARK BRICK / SIX TERRACES

The central row contains all six attached homes, T01-T06. Charcoal brick gives the centre a confident visual anchor while the same feature cladding ties both house types together.

LANDSCAPE / ARRIVAL

The long Main South Road approach opens into a planted internal street. Low hedges, specimen trees and garden lighting soften garage aprons without changing the access geometry.

PLAN CONTROL

The renders use the Rev G arrangement as their reference: 10 detached homes, 6 terrace homes, the retained loop and the corrected Lot 2 DP 40829 cadastral alignment.

Controlling note. These pages are marketing visualisations. Exact dimensions, setbacks, floor-plan geometry and consent compliance remain governed by the Rev G B&L;, selected plans and later survey/architectural documentation.

ARCHITECTURAL VISUALISATION

Whole-site vision / warm daylight

The full neighbourhood composition: light detached homes outside, dark terraces at the centre

PLAN-COORDINATED ARTIST'S IMPRESSION

Rev G B&L and selected floor plans remain controlling for detailed design.

ARCHITECTURAL VISUALISATION

Whole-site vision / blue hour

The same plan-locked composition with warm windows and restrained landscape lighting

PLAN-COORDINATED ARTIST'S IMPRESSION

Rev G B&L and selected floor plans remain controlling for detailed design.

ARCHITECTURAL VISUALISATION

Arrival from Main South Road

A landscaped opening into the internal loop, introducing both housing expressions

PLAN-COORDINATED ARTIST'S IMPRESSION

Rev G B&L and selected floor plans remain controlling for detailed design.

ARCHITECTURAL VISUALISATION

The central street / dark terrace address

The complete six-home dark-brick terrace frontage with light-brick detached homes beyond

PLAN-COORDINATED ARTIST'S IMPRESSION

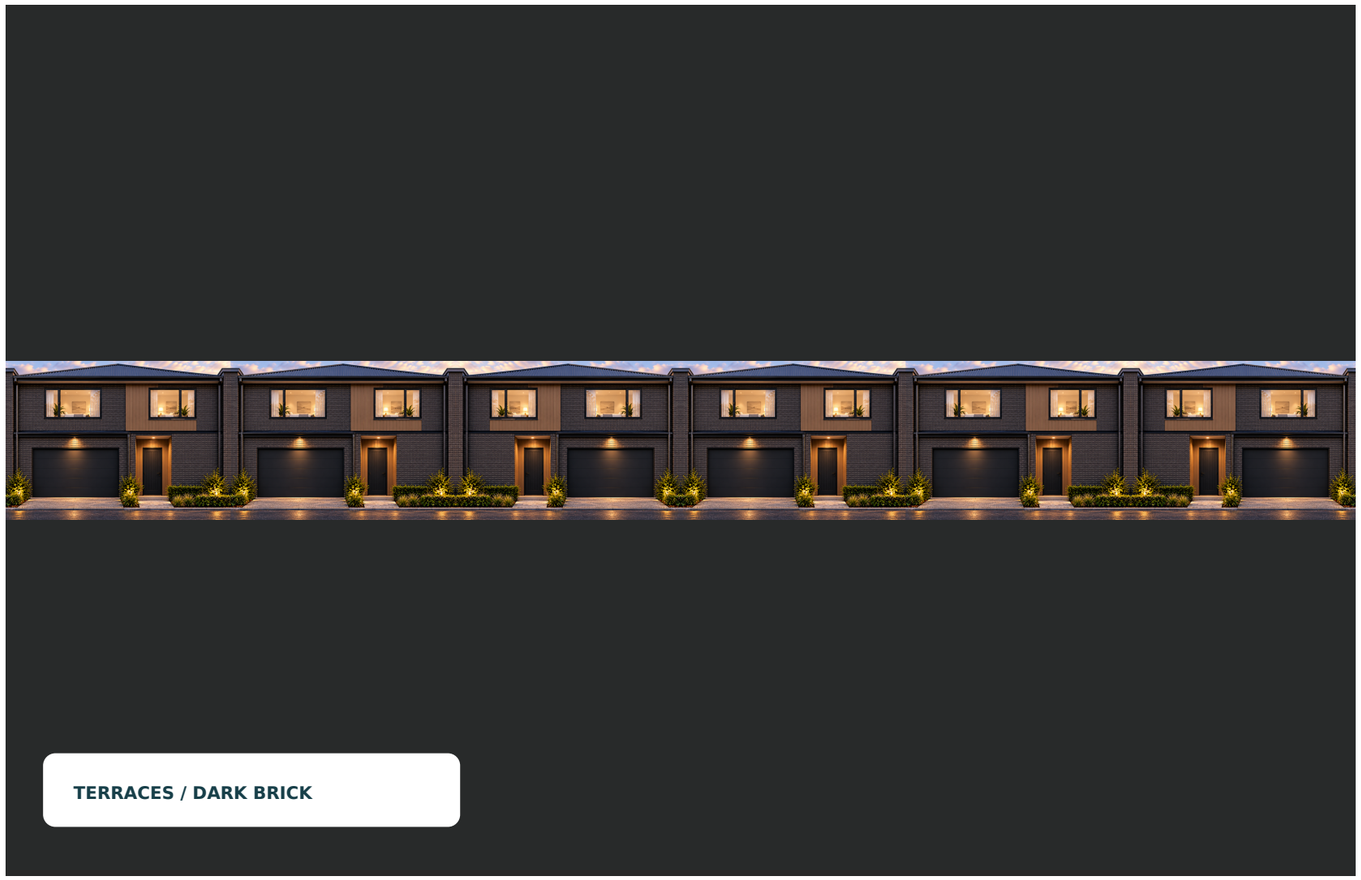

Rev G B&L and selected floor plans remain controlling for detailed design.

A consistent architectural kit across both home types

Light brick on detached homes | dark brick on terraces | shared bronze-toned Nu-Wall features

DETACHED / LIGHT BRICK

TERRACES / DARK BRICK

BRICK

Warm cream on standalone homes; deep charcoal on attached homes.

NU-WALL

Bronze/timber-look vertical panels used as controlled entry and upper-floor features.

METALWORK

Charcoal roofs, window frames, garage doors, gutters and flashings.

LANDSCAPE

Layered native planting, low hedges and specimen trees to soften the internal street.
