SEVENTEEN GARDEN HOMES · A SHARED GREEN WALK · OFFERED BY ANGELA WEBB, BAYLEYS

ARTIST'S IMPRESSION

THE MANTRA

A QUIETER WAY TO LIVE IN THE CITY.

Some places slow you down the moment you arrive. A gate closes behind you, the street noise falls away, and there is only birdsong, the scent of the garden and the soft crunch of gravel underfoot.

The Mantra is seventeen homes in calm cream plaster, set around a planted green walk, a small commons and a garden for growing food together. It is designed for people who value a still mind, good neighbours and an unhurried evening.

STILLNESS

TWENTY MINUTES. TWICE A DAY. *Every* DAY.

For many who will call The Mantra home, the day begins and ends the same way: a comfortable chair, eyes closed, and a few quiet minutes before the world starts asking for things. Thick walls, deep window reveals and a car-free garden walk make that ritual easy, morning and evening.

Lifestyle imagery is illustrative.

10 HOMES · 3 LEVELS · 2 BEDROOMS

THREE-LEVEL HOMES

The full northern row and both southern end homes. Three occupied levels with pitched roofs and integrated solar, front doors onto the planted green walk, and private gardens behind the northern row.

4 HOMES · 2 LEVELS · 3 BEDROOMS

TWO-LEVEL HOMES

The lower southern heart of the village, set around the commons. Three bedrooms over two levels for families or downsizers wanting space, with softer rooflines that let the sun into the garden.

2 HOMES · LEVELS 2 AND 3

THE COACHHOUSES

Two homes that bridge the rows above open garden passages, each reached by its own stair. The western coachhouse frames the Whitmore Street arrival; the eastern one closes the view down the walk.

1 HOME · 2 LEVELS

THE EASTERN HOUSE

The retained classical house at the eastern end, in cream with a balcony and columns. Richer detailing is reserved for this one home: the quiet anchor of the whole village.

ARTIST'S IMPRESSION

THE GREEN WALK

A PATH WHERE NEIGHBOURS BECOME FRIENDS.

No cars, no driveways crossing your front door. Just a three-metre garden path lined with roses, hydrangeas and lavender, where a hello turns into a cup of tea and children can wander safely from door to door.

SHARED GARDENS

GROW FOOD. SHARE A BENCH. SLOW DOWN.

At the heart of The Mantra is a garden designed for everyday contact between neighbours.

PRODUCTIVE GARDEN

Raised beds for herbs and vegetables

THE COMMONS

A six-metre planted lawn with seating

RAIN GARDEN

A low planted basin that slows stormwater

CYCLE HUB AND EV

41.8 m² bike store; two EV charging bays
